**Subject:** Enforcement cases

Hey Logan,

As we discussed, I am working on getting you some enforcement exposure during your internship here.

I spoke briefly with Kristine about the Vigil CWA 404 case, and while it is not a very active case at the moment, there is at least a possible conference call with Headquarters coming up. Kristine has agreed to invite you to sit in on the call, and hopefully she can send you some background info.

I will also let you know as soon as I touch base with the enforcement attorneys working on the other cases that interested you.

Thank you Kristine!

David
